

Getting the history of RV sports was my first goal for this project. To achieve the next one of compiling the history of competitive clubs, plus community events, I will need some help. Below is a list of things that I would like to add to the site, but don't know how to go about getting them. (some items may be lost to time).

Clubs that have competition format

I will accept any interesting photos of the district.

Pictures of every school building used by RVSD

including the original 23 districts, this encompasses at least 30 buildings

Pictures of the facade (east wall facing the parking lot) that shows how the design has changed

Homecoming

Pictures of each class float, and their ranking. + the winning business float

Tally of "spirit week" and the winning class

This page will frequently be updated as the scope becomes more precise.
